

TI insulating tape

TI is an universal self-amalgamating electrical tape which protect against corrosion, ageing and chemicals.

Heat-resistant

Corrosion-resistant

Temperature-resistant

Waterproof

Benefits

Protects against corrosion

Non-aging

Chemical resistance

Not self-adhesive, no residues

Wide temperature range for applications in harsh climatic environments

Application range

Insulating tapes and self-amalgamating tape

For sealing of transition points where water shouldn't enter

For bundling several wire harnessings (e.g. automotive industry)

Problem-free and assured sealing of fine screens up to 3/8" for nearly all materials

Technical Data

Classification ETIM 5:

ETIM 5.0 Class-ID: EC000128

ETIM 5.0 Class-Description: Adhesive tape

Colour delivered:

White

Material:

Non-adhesive fluoropolymer tape

Temperature range:

-240 °C to +250 °C
