

EPIC® H-D 64 machined

Multi-pole inserts for machined crimp contacts

The insert for rectangular connectors is ideal for use in applications requiring a high number of contacts. These can be found, for example, in investment constructions.

Info

For machined contacts for fast processing with the crimping tool Made in Europe

Mechanical and plant engineering

Space requirement

Robust

Benefits

Inserts of the connector series H-D are designed for applications in which a high number of contacts are required.

Application range

Plant engineering Light & sound technology
