

EPIC® SOLAR 4 GEN2 capsEPIC® SOLAR protection cap

Pre-assembled solar cables for weatherproof cabling of photovoltaic systems

Simple but effective. The protective cap for closing unplugged solar connectors does what it's supposed to do: protect against dirt and moisture. The eyelet can also be used to attach a securing cord to a cable so that nothing is lost.

**Benefits**

Prevents the penetration of dirt and moisture.
With eyelet for attaching a securing cord for fastening to the cable.

Application range

For closing unplugged connectors.
For use with EPIC® SOLAR 4 GEN2 solar connectors.
